CITY OF COVINGTON SPECIAL EVENT PERMIT APPLICATION

Any event (i.e. festival, concert, run/walk, art show, etc.) that uses, or will likely have a large impact on, public or City-owned property, such as streets or parks, requires a Special Event Permit Application. If you are the person or organization hosting or sponsoring an event, you will need to fill this out. This is information that we require to ensure that everything goes smoothly and safely.

RULES & PROCEDURES

Event inquiries will be reviewed by the City Manager and any applicable city department staff prior to accepting and circulating a permit application. Reasons for permit denial include but are not limited to events causing an unreasonable impact of the public's access of City-owned space. To view other reasons for permit denial, see section 93.34 of the City of Covington Code of Ordinances.

A complete application, including all fees and attachments, must be submitted to the City Manager's Office **no less than forty-five (45) days** from the event date. It is important that you complete this application fully and include any extra attachments that may be necessary. **If not, approval of your application will be delayed or denied.**

Once we receive your application, appropriate fees, and any attachments, City staff will review all of the information and make a recommendation of approval or denial, to the City Manager. We might also make some changes or give a cost estimate for the use of City equipment and/or services. The City Manager will then approve or deny the application within seven (7) days of the staff recommendations.

For the complete details on rules and processes, including standards for approval and denial or how to appeal denial, please see Section 93.30, et seg. of the City of Covington Code of Ordinances.
