The Covington Business Council continues to update its list of authentic, homegrown Covington restaurants who are offering takeout and/or delivery during the state-ordered shutdown – and could use the business. Note the list is fluid – send an email to [cbarth@cbcky.com](mailto:cbarth@cbcky.com) with suggested changes

Also, please don't forget about the restaurants and bars that made the difficult decision to close during this time. In most cases, gift cards can still be purchased to support them! Check their websites for info.
